## JANE-Y for fall arrest lanyard

JANE-Y for fall arrest lanyard is a non-adjustable dynamic rope lanyard that can be combined with an ABSORBICA energy absorber to make a double lanyard with energy absorber. The plastic sheaths hold the carabiners in position and facilitate clipping while protecting the terminations from abrasion. It has two symmetrical ends and is available in two lengths: 60 and 100 cm.

It can be combined with an ABSORBICA energy absorber to make a double energy-absorbing lanyard with a maximum length of two meters.

A plastic sheath at each end holds the carabiner in position and facilitates clipping while protecting the termination from abrasion.

---

**Short Description** Double lanyard for making a fall arrest lanyard

---

**Selling Points**

- Non-adjustable dynamic rope lanyard that can be combined with an ABSORBICA energy absorber to make a double energy-absorbing lanyard with a maximum length of two meters
- Easy handling, thanks to the plastic sheath at each end that holds the carabiner in position and facilitates clipping while protecting the termination from abrasion
- Individual identification marking on plastic sheath, to track equipment throughout its lifespan
- Available in two lengths: 60 and 100 cm

---

**Specification**

- Certification(s): CE EN 354, ANSI Z359.3
- Material(s): polyester

---

**Specifications by reference**

Reference(s)	L051AA01	L051AA02
		
Length	100 cm	60 cm
Weight	185 g	145 g
Made in	DE	DE
Guarantee	3 years	3 years
Inner pack count	1	1
Case quantity	12	12
EAN	3342540836402	3342540836716
