RING2SIDE

The RING2SIDE accessory allows you to convert a textile lateral attachment point into a metal attachment point on the FALCON and FALCON ASCENT harnesses. Its large ring and intuitive clipping orientation makes it easier to attach equipment. It can also be folded down to avoid being snagged when not in use.

The RING2SIDE accessory allows you to convert a textile lateral attachment point into a metal attachment point on the FALCON or FALCON ASCENT harnesses.

Short Description Accessory that allows you to convert a textile lateral attachment point into a metal attachment point
