

DATASHEET

ACTSAFE ICX POWER ASCENDER

GENERAL

Art.Nr:	POA-030-1-EU
GTIN:	4030281309840
Customs tariff number:	84253100

Net weight:	7.40 kg
Gross weight:	7.40 kg

DATASHEET

ACTSAFE ICX POWER ASCENDER

The ICX battery-powered hoist is a motorised system to ensure the transport of persons or loads to areas that are difficult to access and where occasional or recurring work is carried out. The ICX POWER ASCENDER considerably simplifies and accelerates work on complex structures and makes expensive access systems or lifting platforms superfluous. ICX forms a highly flexible system for easy and cost-efficient cleaning or maintenance. In an emergency, the ICX can be controlled by remote control. The operation and use of the ICX can be learned in special training courses.

- Simplifies and accelerates work on structures that are difficult to access
- Gentle application
- Control by remote control up to 50 m

FEATURES

Battery range at 20° C & 100 kg load: 230

Application areas: Various

Energy source: Removeable Battery

Colour: polyethylene_terephthalate

Underwater operations: No

Water dust resistance: IP 55

Charging time: 80 minutes

Maximum descent speed: 24 m/min

Max. ascent rate: 24 m/min

Maximum compatible rope diameter: 11.00 mm

Maximum temperature: 40 °C

Minimum descent speed: 1 m/min

Min. ascent rate: 1 m/min

Minimum compatible rope diameter: 11.00 mm

Minimum temperature: -10 °C

Emergency descent function: Yes

Emergency stop function: Yes

Remote control range: 50 m

DIMENSIONS

Working load limit: 185.00 kg
