D-BOLT TYP 45 (AP-063-GE)

GENERAL

Art. no.:	AP-TYP-45
EAN:	4030281277576
Standard:	EAD 331072-00-0601

E-class number:	40-02-01-90
Customs no.:	73269098

Data sheet

D-BOLT TYP 45 (AP-063-GE)

DIMENSIONS

Weight: 0,66 kg

The D-BOLT TYPE-45 is made of stainless steel, painted yellow, and has European approval in accordance with the Construction Products Regulation EU-305/2011 from the German Institute for Building Technology (DIBt). It is also tested according to EN 795/A:2012 and CEN/TS 16415. The anchor rod with external thread included in the set is installed with the injection mortar specified in the installation instructions. Note: The single anchor point has not been tested for anchoring loads and as an aid to material transport. Both are outside its approval range.
