MAX LOAD

↳10KG / 22LBS

NLG ID

Scan the orange tags on compatible NLG products to access detailed product info, certification and installation videos.

NOTE

Max weight of tools attached to Trilock = 10kg

Max weight of tool to be held while attached to the body = 3kg

01

Open up the Trilock™ anchor by peeling open all three of the velcro bands.

02

Wrap the innermost band around the attachment point i.e belt, harness or rail ensuring the D-ring is at the bottom.

03

Wrap the second band over the first band in the opposite direction. Make sure velcro is firmly embedded.

04

Wrap the outer band over the second band in the opposite direction. Make sure velcro is firmly embedded. Check that the Trilock™ is secure.
