PANTIN®

PANTIN is a foot ascender designed for more efficient and less tiring rope ascents. It is available in two versions: right and left foot.

Short Description	Foot ascender
-------------------	---------------

Selling Points

- Make rope ascent easier:
 - Used to in conjunction with a CROLL, ASCENSION, or BASIC ascender
 - Keeps the body upright for more efficient movement
 - Design facilitates passage of the rope through the device, even on the first few meters
- Great durability:
 - Stainless steel cam offers excellent corrosion resistance
 - Toothed cam with self-cleaning slot optimizes performance under a variety of conditions (such as frozen or dirty ropes)
 - HMPE (high-modulus polyethylene) straps resist abrasion
- Functional and ergonomic:
 - Compact shape allows it to remain constantly attached to the foot and helps prevent snagging
 - Quick and easy to adjust with DOUBLEBACK buckle
 - Releases from the rope with a simple backwards movement of the foot
 - Catch available as accessory to keep the rope in the device during rope ascents
- Available in two versions: right and left foot

Note: The PANTIN is not an item of PPE.

Specification

- Material(s): Aluminum, stainless steel, high-modulus polyethylene
 - Weight: 85g
 - Rope compatibility: 7 to 13 mm
