VOLT® International Version Work Seat

The VOLT work seat is designed to improve comfort for work positioning during prolonged periods. It comes with two quick links and installs via the slots on the sides of the harness. It is compatible with the international versions of the VOLT LIGHT, VOLT, VOLT WIND, and VOLT WIND OFFSHORE harnesses.

The VOLT work seat comes with two quick links and is installed via specifically-designed slots on the sides of the harness, for better load distribution between the waistbelt and the work seat.

In case of wear, the work seat covering can be replaced, conserving the metal plate.

Short Description	Seat for work positioning designed for VOLT harnesses (international versions).
