# DATASHEET

## SKYSAFE ECO-R

This lanyard with energy absorber in accordance with EN 355 is approved for user weights from 50 to 110 kg and offers reliable protection when working at height. Equipped with two FS 90 carabiners, it enables quick changes between anchor points without having to release the lanyard. The slim, ergonomic shock absorber package reduces weight and volume, making it very comfortable to wear. Ideal for work with frequent rehanging.
