Cleaning with soapy water, spray, machine 40°, ironing prohibited.

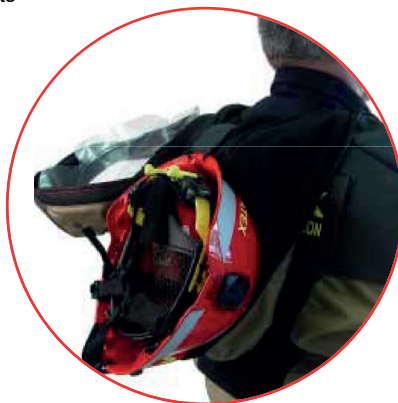

Color: beige, **Weight:** 3,10kg, **Sizes:** S/M and L/XL

Technical specifications:

- Ultra lightweight waterproof outer fabric:
 - 450 Denier Polyester
 - 200g/m² Polyester
 - Soft polyurethane coating
- PROTEC 3D membrane with stinger deflection system
 - 100% cotton knit fabric providing a "safety" gap between the skin and the insect's stinger
- POREX polyester/cotton lining
 - 50% cotton, 50% polyester
 - The lining ensures moisture transfer to the 3D mesh
- HYPALON protections on shoulders, elbows, knees, buttocks and head
 - Perfect resistance to abrasion and chemicals (e.g. insecticides)
- Pre-formed ergonomic protections (elbows and knees)
- Back gusset and ventilation system
- Waiting straps
- Drawstring waist
- Ankle and wrist sleeves before tightening strap
- Rank holder, name band, velcro for SDIS crest
- Removable marking (optional)
- Longitudinal zipped opening
- Removable pre-formed polycarbonate panoramic screen, with 3D ventilation grid
 - > Caution, the screen must be stored without strain or folding. It must not be crushed.
- Sternal exit for integrated fall arrest harness (harness optional)
- Removable leather gloves with gussets at the joints

Option:
Harness + extension sternal

Helmet retention system in the hood

Option:
Helmet F2 extrem

Waiting straps

Ergonomic cut
